

Dear Academy of Medicine Alliance of Toledo and Lucas County Members,

March 30<sup>th</sup>, 2010 marks a very special day for all physicians across the country as we celebrate **National Doctor's Day**. The Alliance has chosen to honor physicians by extending an opportunity to our members to submit Doctors names who are special to them.

The Barrow County Auxiliary in Georgia held the first Doctor's Day observance on March 30, 1933 when the Auxiliary mailed cards to the local doctors and their spouses. The tradition of honoring our physicians for serving and caring for the community continues.

Doctor's Day 2010 is a special project of the American Medical Association Alliance, the Ohio State Medical Association Alliance and its member county Alliances. It is a day to honor our spouses and any physician who has touched and impacted our lives in a positive way. It is also a day to communicate to the public the achievements made by these physicians in medicine and in health care.

A special card will be mailed to each physician that you choose to honor. The card will be received before March 30<sup>th</sup> and will acknowledge to him/her your gratitude and appreciation for their dedication and service. Also, their names will appear in an issue of the *Capsule Comment* and the *Toledo Medicine*.

Thank you for your support of this very important project!

Your name: \_\_\_\_\_ Phone \_\_\_\_\_

Name of physician honored: \_\_\_\_\_

Address of physician honored: \_\_\_\_\_

Name of sender as you wish for it to appear on the card and in publications: \_\_\_\_\_

I wish my donation to go to: General Philanthropy\_\_\_\_Scholarship Fund\_\_\_\_ AMA Foundation\_\_\_\_. Please check one.

Attach additional sheets as needed for additional honorees. **The absolute deadline is March 23, 2010.** Make all checks payable to the **Lucas County Medical Alliance**. Mail your check for \$20 per honoree to:

**Mrs. Joanie Barrett**

**(Her address is in the Alliance Directory  
or contact her at joaniebarrett@ameritech.net)**
