

Dear Lucas County Medicine Alliance Members,

March 30th marks a very special day for all physicians across the country as we celebrate the National Doctors Day. The Alliance will once again honor physicians by extending an opportunity to our members to submit Doctors names that are special to them.

The Barrow County Auxiliary in Georgia held the first Doctor's Day observance on March 30, 1933 when the Auxiliary mailed cards to the local doctors and their spouses. The tradition of honoring our physicians for serving and caring for the community continues.

Doctor's Day is a day to honor our spouses and any physician who has touched and impacted our lives in a positive way. It is also a day to communicate to the public the achievements made by these physicians in medicine and in health care. A special formal card will be mailed to each physician that you choose to honor. The card will be received before March 30th and will acknowledge to him/her your gratitude and appreciation for their dedication and service.

COLOR A CARD FOR YOUR FAVORITE PHYSICIAN AND WE'LL MAIL IT FOR YOU!

Use the included poster and allow a child in your life to color or illustrate why they love their favorite *doctor* (Grandma, Grandpa, Pediatrician, Aunt, Uncle, etc) and we'll mail it with a formal card to that physician. Please mail the poster back with the bottom portion of this flier.

Thank you for your support of this very important project!

Your name:

Phone:

Name of physician honored: _____

Address of physician honored:

Name of sender as you wish for it to appear on the card:

I wish my \$20 donation to go to: (Please circle one)

General Philanthropy

Scholarship Fund

AMA Foundation_____

Attach additional sheets as needed for additional honorees. The absolute deadline is March 23. Make all checks payable to the Lucas County Medical Alliance. Mail your check for \$20 per honoree to:
